1 **TEMPORARY IMPORT (BONDED)** – In case of exhibition site is allowed as “BONDED AREA” by Customs Authorities.

* SOLD & Permanent import Item During the show : All bonded goods MUST be moved to bonded W/H after this show by Rosette Expo Inc. and then, the buyer can receive the goods after paying Duty & Tax (The Korea Customs) and the Local charge (Rosette Expo Inc.).

* RETURN Item : To be transported Busan or Incheon airport after show.

2 **PERMANENT IMPORT (for FREE-Distribution)**

* Consumable goods such as leaflet, Give away and other promotional items valued less than US\$5.00 (C.I.F value) per piece are Duty Free. However, such items must be reasonable in quantity and in price in the option of Customs. Otherwise, such items shall be dutiable Decision of “Dutiable or Duty Free” will be advised at the time of Customs Inspection at exhibition site regardless of the afore mentioned provision.

3 **Conversion of Temporary import (TIB and ATA Carnet) to Permanent import**

* Apart from consumable items or Permanent entered goods, in case of goods imported as temporary under TIB or ATA Carnet way, if the exhibitor want to sell or leave it on Korean boundary after the show, it is impossible to conversion of custom type from temp. import to perm. Import. because, when it imports temporary at inward time, it is normally declared under Rosette's Name because, there is not Korean real importer for exhibitors, so, to import with duty and taxes, we must declare it with real importer changing the importer from Rosette, but the Korean custom do not allow to change the importer for pre-entrined goods.

Thus, please be noted, if the exhibits have any possibility to sell the goods or to hand it over Korean buyer, please discuss it when it entry first time with us, and please provide us the requested information, then we will declare it with real importer's information.

otherwise, it must be returned to origin after the show definitely and strongly recommend to re-import it with real importer in Korea side.

4 **Further question for import matter.**

* To proceed it smoothly and safety, we strongly recommend you to discuss about the import matter, if you have a specific import plan. we will struggle to find efficient and proper way for you dedicatedly.
