

July. 09. 2024

Dear sirs and madams,

DX Korea team would like to extend our sincere gratitude for your cooperation.

Last few months, there has been continuous confusion surrounding two different defense exhibitions in Korea between traditional DX Korea and the new born of KADEX.

The DX KOREA is a traditional defense exhibition in Korea, held every two years since 2014. It shares the history of Defence exhibition in Korea and numerous military participants over the last decade. DX KOREA 2024 will be held from 25th to 28th of September as we have always hosted in the past. The venue for DX KOREA is the KINTEX, located at a convenient distance of approximately 30minutes from the center of Seoul, the most ideal venue for hosting large scale international exhibitions.

Furthermore, we are excited to share the latest information that the Minister of Defense officially promised the support for DX KOREA 2024 as of 4th of July, according to MND's official document.

According to follow-up, the DX KOREA organizing committee will extend the registration due date for DX KOREA until 15th of August for your review to participate.

Please find the registration process and leaflet for further information.

Looking forward to seeing you at DX KOREA 2024 in September.
